Instant Pot Tempered Glass Lid

Instant Pot 9 inch Tempered Glass Lid is designed specifically for electric pressure cookers. Put your electric pressure cooker in keep-warm mode and cover the inner pot with this glass lid for food display and immediate serving. It can also be used in sauté/browning to avoid splashing cooking oil droplets soiling your countertop. Some people find it perfect for slow cooking. It's durable and dishwasher safe.

- Professional grade tempered glass with a steam-release vent and stainless steel rim.
- Colorless transparent glass for clear viewing.
- 9 inch (23 centimeters) diameter fits most electric pressure cooker inserts, 6 quart/6 liters or 5 quart/5 liters.
- Fits [Instant Pot IP-DUO60/50](#), IP-Smart, IP-LUX60/50.
- Dishwasher safe and durable.

Instant Pot Lid Reviews

Works great! – *I've used it several times and it works just great.*

Good accessory to have – *Works great to use it as a slow cooker.*

A nice addition to an otherwise great product – *This top is a nice addition to my IP. I find that I use it even more as a regular slow cooker. I have done so many dishes at this point, I've lost track.*

Perfect Lid for Slow Cooking – *I bought this as a gift for my daughter. She loves it! She no longer has to clean the pressurizing lid when she uses her IP as a slow cooker. I will get one for myself soon.*

Like It – *This is a perfect accessory for my Instant Pot.*

Useful – *It's a good addition to my [Instant Pot pressure cooker](#) and it fits some of my other pots and pans.*

Five Stars – *This is super handy for using the sauté function to avoid splatters or help heat things up more quickly.*

Instant Pot Silicone Cover for Inner Pots

The silicone cover can be used on an Instant Pot inner pot to create an air-tight and water-tight seal for storage in refrigerators. It can be used on all Instant Pot 6Qt/5Qt stainless steel inner pots. Dishwasher safe.

- Creates an air-tight and water-tight seal on the Instant Pot stainless steel inner pot.
- Dishwasher safe.
- Made of food safe silicone compound passing FDA standards.
- May not work with the liner or inner pot of other brands.

Instant Pot Silicone Cover Review

Does the job. The liner helps me travel with the liner as a bowl to events. Nice accessory.

Great for prep or leftovers – Fits snug on the instant pot. Not sure if it's truly water tight. But it is handy to prep meals the night before, stash the pot with this in the fridge, then heat it up when needed.

I love being able to slip this on and stick the whole pot in the fridge after I've made a pot of soup.

Exactly what I expected – Fits our instant pot perfectly, airtight in the fridge, dishwasher safe, exactly what I wanted. If you intend to invert a full pot, get something else.

Must-have accessory for me – When making yogurt or anything you want to keep in your Instant Pot liner, this lid is perfect. Fits snugly and keeps odors from escaping or from intruding into what you have in... [Read more...](#)

Instant Pot Inner Pot

This original stainless steel inner pot has a 3-ply bottom for even heating. Its highly polished surface is less sticky to food and easy for cleaning. Having a secondary inner pot makes it most convenient in preparing for multiple type of food with your Instant Pot. Please note that this inner pot is specifically designed for Instant Pot Models being IP-DUO60, IP-LUX60, Smart-60. It does NOT fit any other brands of electric pressure cookers. Leaking or other malfunction may arise if used on other brands.

- Specifically designed for [Instant Pot IP-LUX60](#), IP-DUO60, Smart-60 and IP-CSG60
- Does NOT fit any other brands of electric pressure cookers, such as Cuisinart, Fagor, etc
- Durable 18/8 (Grade 304) stainless steel construction with 3-ply bottom for even heating
- Mirror-polished surface for easy cleaning and less sticky to food
- Dishwasher-safe

Instant Pot Inner Pot Reviews

"If you have an Instant Pot, a spare liner with a silicone lid works very well for storage."

"Must have 2nd inner pot to separate savory dishes and simply tasks such as rice and hard boiled eggs."

"Extra pot for big meals – It is always great to have an extra pot. If you are cooking a big meal need to use your instant pot for more than one thing, it is great to be able to do that with this extra pot."

"Inner pot is just an excellent addition to the efficiency of the wonderful Instant Pot!!"

"No problems. Works just like the one that came with our Instant Pot."

"The extra inner pot makes frequent cooking with the IP a breeze. Highly recommended to everyone who uses the IP more than just once in a while."

Instant Pot Sealing Ring

The Instant Pot Sealing Ring is made from durable silicone compound. It can be used on [Instant Pot Smart-60 model](#) IP-DUO50/60, IP-LUX60/50. Replace every 18-24 months or when deformation is noticed. Dishwasher safe. Washing in dishwashers can remove odor.

- – Made of durable food safe silicone compound passing FDA standards,
- – Fits Instant Pot IP-DUO50/60, IP-Smart60, IP-LUX50/60,
- – Replace every 18-24 months or when deformation is noticed.
- – Dishwasher safe.
- – Sealing ring not suitable for other cookers due to safety reasons.

Instant Pot Sealing Ring Reviews

Product matched description and happy with my purchase.

Nice to have spare on hand.

Good to have backups.

Glad this sealing ring is available separately. I was disappointed at how easily the ring picked up odors from cooking – even with chicken breasts.

Extra of these on hand is a must! Having more than one of these is essential. I use one for sweet foods, one for aromatic foods, and one for savory foods.

It's good to have two. One for sweet and one for savoury.
